Re: Another option for serving/Retired Employees for joining Group Mediclaim Policy for Employees.

The Company had provided two options to retired employees to re-join the Group Mediclaim Policy in 2012 and 2015. However, many representations were received to provide one more option to re-join the said policy since some of the retired employees were not aware of the same.

It is now decided to allow another opportunity to the left over retiree employees, as also those serving employees, who, for one reason or the other, have not so far opted, to join the Group Mediclaim Policy for Employees w.e.f. the next annual renewal date, subject to the usual exclusion of the diseases arising during the period of their non-coverage under any Insurance Policy.

Kindly note the above and take all steps for wide and continuous publicity of availability of such option till the next annual renewal date so that all those who are desirous of availing this opportunity are able to join it on the next annual renewal date.

As regards the retired employees, apart from the usual mode of communication to them, you may also request the Employees' Associations and the Retiree Groups to circulate the information to as many retired employees as possible. The communication to the PF optees may be sent at the last known address on record. The Pensioners may individually be informed of such option being available, as per the contact details provided by them to the ROs.
